EXECUTIVE OFFICER

Dear Supervisors:

**APPROVAL OF REQUEST FOR APPROPRIATION ADJUSTMENT FOR
SENATE BILL (SB) 90 PAYMENTS TO NON-GOVERNMENTAL AGENCIES
FOR FISCAL YEAR 2002- 2003 SB 90 SERVICES
(ALL SUPERVISORIAL DISTRICTS)
(4 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the Request for Appropriation Adjustment (Attachment I) to use \$3,213,000 of unallocated State General Fund (SGF) managed care funds for expenditures presently funded with Sales Tax Realignment funds, effective upon your Board approval. This will free up Sales Tax Realignment funds that can be used to compensate Non-Governmental Agencies (NGAs) for Assembly Bill (AB) 3632 services provided in Fiscal Year (FY) 2002-2003.
2. Delegate authority to the Director of Mental Health to prepare, sign, and execute amendment format, previously approved by the Board, to existing agreements, as listed in Attachment II, for FY 2002-2003, to increase the Maximum Contract Amounts by \$3,212,595, thereby authorizing Los Angeles County Department of Mental Health (DMH) to pay NGAs for AB 3632 services prior to receipt of State Senate Bill (SB) 90 funds.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval of these amendments is necessary because it will enable Contractors identified in Attachment II to be reimbursed for continuing to deliver federally mandated

AB 3632 mental health services to approximately 7,200 eligible pupils in 82 school districts in Los Angeles County.

The present fiscal conditions of the State are such that the State is apparently unable to provide its SB 90 payments for AB 3632 services in a timely manner, creating a cash flow problem for Contractors. A partial interim solution to this cash flow problem, on a one-time basis, is to use unallocated SGF managed care funds for expenditures presently funded with Sales Tax Realignment funds. In turn, this will free up Sales Tax Realignment funds that can be used to pay NGAs for AB 3632 services. This will provide some cash flow relief to NGAs thereby allowing for the continuance of AB 3632 services, without interruption, pending fulfillment of the State's payment obligations.

The existing DMH Legal Entity Agreement boilerplate contains language that Contractors shall be paid by County from SB 90 funds upon receipt from the State, as allowed under the existing contract provision Paragraph 4 (FINANCIAL PROVISIONS), Subparagraph DD (AB 3632 Services Utilizing SB 90 Funds) as follows: "In the event that SB 90 funds are not available to pay SB 90 claims or that State denies any or all of the SB 90 claims submitted by County on behalf of Contractor, Contractor shall indemnify and hold harmless County for any and all liability for payment of any or all of the denied SB 90 claims or for the unavailability of SB 90 funds to pay for SB 90 claims. Contractor shall be solely liable and responsible for all data and information submitted by Contractor to County in support of all claims for SB 90 funds submitted by County as the fiscal intermediary." The agreements set forth in these amendments are made notwithstanding Paragraph 4 (FINANCIAL PROVISIONS), Subparagraph DD (AB 3632 Services Utilizing SB 90 Funds) of the DMH Legal Entity Agreement, which the parties agree will be waived for these purposes, on this one-time only basis, and for this FY 2002-2003, and only to the extent of the payment by County provided for by this Amendment. Paragraph 4 (FINANCIAL PROVISIONS), Subparagraph DD (AB 3632 Services Utilizing SB 90 Funds) will otherwise apply with full force and effect.

The County and Contractors have agreed upon a partial interim solution to the cash flow problem, on a one-time, non-precedent setting basis only, which will provide some relief to Contractors and allow for the continuance of AB 3632 services, pending fulfillment of the State's payment obligations. Contractor understands that County has devoted a limited fund for this purpose, that payments are being made to other similarly situated providers, which exhaust the fund, and that accordingly, there are no other funds presently available for these purposes.

The County will be using \$3,212,595 of SGF managed care dollars to free up other appropriation presently funded with County General Funds (CGF). The freed up CGF will

fund this request thereby making these expenditures eligible for claiming to the State as SB 90 reimbursable expenditures.

Implementation of Strategic Plan Goals

The recommended Board actions are consistent with the County's Fourth Goal: "Fiscal Responsibility." This action will enable DMH to make payments to NGAs and will allow for continued and uninterrupted AB 3632 mental health services rendered to Los Angeles County Severely Emotionally Disturbed (SED) beneficiaries.

FISCAL IMPACT/FINANCING

The County will be using \$3,212,595 of SGF managed care dollars to fund the appropriation adjustment. This increase will free up other appropriation presently funded with realignment funds. The freed up realignment funds will be added to the Maximum Contract Amounts of contract providers thereby making these expenditures eligible for claiming to the State as SB 90 reimbursable expenditures. There is no net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In 1984, the California Legislature enacted AB 3632 in order to maximize and coordinate the provision of mental health services to SED children by State and local government agencies. Since the inception of AB 3632, DMH has delivered mental health services to clients through a vast network of directly operated and community-based provider agencies.

Contractors have expressed serious concern about not being paid for services already delivered, which has created serious cash flow problems. Overall, SB 90 funds are not available to counties to provide timely payments for the federally mandated services, as the funds are not anticipated to be received from the State within 12 months of the current fiscal year claiming period. Given the urgent circumstances and the critical need to continue federally mandated services without interruption, on March 4, 2003 the Board approved a \$6.1 million reserve that allowed partial payment of SB 90 claims to NGAs and authorized DMH to proceed with contract amendments to change the language adding \$6.1 million in SB 90 funds to the Maximum Contract Amount and allowing NGAs to be partially paid by County.

Using the same Board approved Amendment format to provide another partial interim solution to Contractors cash flow problems DMH is requesting an appropriation adjustment to fund \$ 3,212,595 until SB 90 funds are received from the State. An alternative would be for the Board to instruct DMH to make necessary service

curtailments in other indigent programs in order to fund the SB 90 program with Sales Tax Realignment funds.

CONTRACTING PROCESS

Per the Mental Health Services Agreement, twenty-six (26) NGAs have delivered AB 3632 mental health services and may be eligible for SB 90 payments in FY 2002-2003.

IMPACT ON CURRENT SERVICES

Your Board approval of this request will enable the DMH to make payments to NGAs and will allow for continued and uninterrupted AB 3632 mental health services rendered to Los Angeles County SED beneficiaries.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board action. It is requested that the Executive Officer, Board of Supervisors, notify the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

This appropriation adjustment is requested to increase Services & Supplies appropriation to provide the Department with spending authority to pay mental health service contract providers for additional AB3632 services. The Department will be using \$3,213,000 of State General Fund (SGF) managed care dollars to fund the appropriation adjustment. This increase will free up other appropriation presently funded with realignment. The freed up realignment will be added to the Maximum Contract Amounts of contract providers thereby making these expenditures eligible for claiming to the State as SB90 reimbursable expenditures. There is no net County cost.
