**SUBJECT: ICD9 DIAGNOSIS CODES**

**DIRECTED TO: All Providers**

Effective June 21, 2000, the **ICD9** diagnosis codes listed in the Codes Manual can be entered in the Axis III Diagnosis field on the episode screen. This also includes DSM IV codes.

When any change is made on the Episode screen the system will prompt the user to correct invalid data that may be entered in the Axis III field.

If you have any questions please call the MIS Customer Support/Help Desk at (213) 738-4770.
