SUBJECT: ACCESSING DRGO SCREEN FOR NON-FORMULARY DRUG REQUEST

DIRECTED TO: All Providers

This is to provide new instructions for accessing the DRGO screen for clients who receive non-formulary medication. This screen provide the drug code which is entered on the prescription (PRES) screen.

To access the drug overview screen; type DRGO in the screen field, the client's MIS number and press the enter key. The client's non-formulary drugs will be listed.

An alternative way to access the drug overview screen is; type DRGO in the screen field, the drug name, the client's MIS number, T (for trade) or G (for generic) and press the enter key. The client's non-formulary drugs will be listed.
